

## Mobile App Instructions

To use the Casemaker mobile application you must register online. To do so, you will need to access the Casemaker website through your Bar Association website using your computer. Once you have entered Casemaker on the left side of the screen there is an area called "My Accounts". Below "My Accounts" you will see a link for "Mobile Application". Clicking this will direct you to a form to fill out and submit to receive a reference code. Please note that the reference code is case sensitive. Now, open the mobile application on your device. You may be asked for a username and password or for a reference code. Your username is the email address you used to register the mobile application. Your password is the reference code you received.
